

## BIMB DANA AL-FAKHIM

### FUND MANAGER'S REVIEW

The Fund's performance for the month was 0.27% and outperformed its benchmark by 0.06%.

The money market rate for overnight is 3.10% per annum and the 1 month rate is within 3.45% to 3.50% per annum. The 3 months to 12 months rates are within 3.60% to 3.80% per annum.

Bank Negara Malaysia's (BNM) kept Overnight Policy Rate (OPR) at 3.25% at this year's final Monetary Policy Committee (MPC) meeting on 7-8 November 2018, unchanged for the fifth consecutive meeting. Bank Negara Malaysia's (BNM) maintains the view that global growth momentum is showing signs of slowing amid downside risks to domestic growth from trade tensions, prolonged weakness in the mining and agriculture sectors and impact on public sector spending due to reprioritisation of government expenditure.

As the Fund's focus is on capital preservation and liquidity, we will continue to invest in money market placements and short term Sukuk papers with good credit standing and attractive yield level and extend the portfolio duration for yield enhancement.
