1.2 Performance for the Financial Year Ended 31 May 2023

1.2.1 Performance Review

For the financial year under review, Bank Islam Premier Fund (“the Fund”) registered a return of -2.57% as compared to its benchmark’s return of 5.00%.

The selected performance benchmark for the Fund was average return of 5% per annum over a period of 5 years.

The Fund’s underperformance was due to the underperformance of the Islamic collective investment scheme (CIS) that the Fund had invested in during the financial year under review. The global equity market of which the CIS was exposed to various challenges during the financial year under review as per proxied by MSCI ACWI Index which was down by 0.99% over the review period.

The Fund’s strategy had remained to invest up to 70% of Net Asset Value (NAV) in Islamic CIS managed by the Manager and a minimum of 30% in Bank Islam’s investment account, Islamic deposits, and Islamic money market instruments. As at 31 May 2023, the Fund had 72.47% exposure in Islamic CIS, higher than the 70% intended, due to positive market movement of underlying investment, and the exposure had been brought back to below 70% on 21 June 2023. The remaining of NAV was placed in cash and cash equivalents. The Fund size stood at RM1.43 million, while NAV per unit was RM0.9258.

For the financial year under review, the Fund had not undertaken any securities lending or repurchase transactions nor cross trade transactions. There was no significant change to the state of affairs of the Fund and no circumstance had occurred up to the date of this Manager’s Report that materially affected the interest of unit holders.

1.3 Economy and Market Review

1.3.1 Economy

Global

The United States (US) economy accelerated 1.8% year-on-year during the first quarter of 2023, up from 0.9% in the previous period. Consumer spending rose at a faster pace (2.3% vs 1.7% in Q4), despite the stubbornly high inflation.

The GDP in the Euro Area had risen 1% year-on-year in the first quarter of 2023, lower than initial estimated 1.3% rise, and the weakest performance since the Covid hit in 2020.

The China economy advanced 4.5% year-on-year in first quarter of 2023, accelerating from a 2.9% growth in the fourth quarter of 2022 and topping market estimates of 4%. It was the strongest pace of expansion since the first quarter of 2022, amid efforts from Beijing to spur the post-pandemic recovery.

1.3.1 Economy *(continued)*

Local

Malaysia's Gross Domestic Product (GDP) expanded 5.6% year-on-year in the first quarter of 2023. The growth is contributed by further expansion of household spending, continued investment activity, improving labour market and higher tourism activities.

1.3.2 Market Review

Equity

MSCI ACWI Index (Index) commenced the financial year under review at 652.81 points. It fell to the lowest level of 550.37 points on 12 October 2022 before rising to the highest level of 662.34 points on 2 February 2023 and subsequently closing at 646.37 points on 31 May 2023. For the financial year under review, the Index was down by 6.44 points or 0.99%.

FTSE Bursa Malaysia EMAS Shariah Index (FBM Shariah) commenced the financial year under review at 11,509.63 points which was also the highest point for the financial year. It declined to the lowest level of 9,767.54 points on 13 October 2022 and subsequently closing at 10,606.51 points on 31 May 2023. For the financial year under review, FBM Shariah was down by 903.12 points or 7.85%.

(Source: Bloomberg)

Money Market

Bank Negara Malaysia (BNM) hiked its Overnight Policy Rate (OPR) by 25 basis points to 3.00% in May 2023 meeting, surprising the market. The policy adjustment was made amidst the expectation of continued strength in domestic economic activities while inflation was judged to be relatively elevated. Nonetheless, the Monetary Policy Committee (MPC) will continue to ensure that the monetary policy stance remains consistent with the outlook of domestic inflation and growth.

1.4 Market Outlook and Strategy

Equity

The Islamic CIS that the Fund holds invests through a rules-based investment process. They are not managed based on macro analysis, views, or expected outlook.

Money Market

Looking ahead, BNM may continue to hike the OPR potentially by another 25 basis points in anticipation of the monetary policy tightening by the US Federal Reserve. Our strategy for the near term is to invest in Islamic money market with short duration in anticipation of the higher rates moving forward. If the rate hike materialises, we will extend the duration to maximise returns while continuing to provide liquidity for investors.

1.0 LAPORAN PENGURUS

Para Pemegang Unit,

Kami dengan sukacitanya membentangkan Laporan Pengurus Bank Islam Premier Fund bagi tahun kewangan berakhir 31 Mei 2023

1.1 Nama Dana/ Jenis Dana/ Kategori Dana/ Objektif Pelaburan Dana/ Penanda Aras Dana/ Polisi Agihan Dana

Nama Dana	Bank Islam Premier Fund
Jenis Dana	Pendapatan dan pertumbuhan
Kategori Dana	Aset Bercampur (Patuh Syariah) (Borong)
Objektif Pelaburan Dana	<p>Dana ini bertujuan untuk menyediakan pulangan jangka sederhana hingga panjang melalui peningkatan modal dan pengagihan pendapatan.</p> <p><i>Nota:</i> <i>* Pendapatan adalah berupa wang tunai atau Unit tambahan.</i> <i>** Dana ini adalah dana yang bukan dijamin modal atau dana yang dilindungi modal.</i></p> <p>Sebarang perubahan ketara pada objektif pelaburan Dana memerlukan kelulusan Pemegang Unit.</p>
Penanda Aras Dana	<p>Purata pulangan 5% setahun dalam tempoh 5 tahun.</p> <p><i>Nota: Dana akan diukur berdasarkan penanda aras pulangan mutlak sebanyak 5% setahun dalam tempoh 5 tahun. Ini bukan pulangan yang dijamin dan ia hanya ukuran prestasi Dana. Dana mungkin atau mungkin tidak mencapai kadar pertumbuhan 5% setahun dalam mana-mana tahun kewangan tertentu tetapi menyasarkan untuk mencapai kadar pertumbuhan ini bagi tempoh 5 tahun.</i></p>
Polisi Agihan Dana	Tertakluk kepada ketersediaan pendapatan, Dana akan mengagihkan pendapatan setiap tahun.

1.2 Prestasi bagi Tahun Kewangan Berakhir 31 Mei 2023

1.2.1 Kajian Prestasi

Bagi tahun kewangan dalam kajian, Bank Islam Premier Fund (“Dana”) telah mencatatkan pulangan sebanyak -2.57% berbanding pulangan penanda arasnya sebanyak 5.00%.

Penanda aras prestasi yang dipilih untuk Dana ialah purata pulangan sebanyak 5% setahun dalam tempoh 5 tahun.

Prestasi rendah Dana adalah disebabkan oleh prestasi rendah skim pelaburan kolektif Islam yang telah dilaburkan oleh Dana sepanjang tahun kewangan dalam kajian. Pasaran ekuiti global yang dilaburkan pada skim pelaburan kolektif Islam terdedah kepada pelbagai cabaran semasa tahun kewangan dalam kajian sebagaimana yang diproksikan oleh Indeks MSCI ACWI yang merosot sebanyak 0.99% sepanjang tahun kajian.

Strategi Dana kekal untuk melabur sehingga 70% daripada Nilai Aset Bersih (NAB) dalam skim pelaburan kolektif (CIS) Islam yang diuruskan oleh Pengurus dan sekurang-kurangnya 30% dalam akaun pelaburan Bank Islam, deposit Islam dan instrumen pasaran wang Islam. Pada 31 Mei 2023, Dana mempunyai 72.47% pendedahan dalam CIS Islam, lebih tinggi berbanding 70% yang disasarkan, disebabkan oleh pergerakan positif pasaran, dan pendedahan ini telah diturunkan semula ke bawah 70% pada 21 Jun 2023. Baki pegangan Dana dilaburkan dalam pasaran tunai dan setara tunai. Saiz dana berjumlah RM1.43 juta, manakala NAB seunit ialah RM0.9258.

Bagi tahun kewangan dalam kajian, Dana tidak menjalankan sebarang transaksi pinjaman atau pembelian semula sekuriti mahupun transaksi jual-beli silang. Tiada sebarang perubahan ketara dalam hal ehwal Dana dan sehingga tarikh Laporan Pengurus ini disediakan, tidak berlaku sebarang keadaan yang secara material memberi kesan kepada kepentingan pemegang unit.

1.3 Kajian Ekonomi dan Pasaran

1.3.1 Ekonomi

Global

Ekonomi Amerika Syarikat (AS) meningkat sebanyak 1.8% tahun-ke-tahun pada suku pertama tahun 2023, lebih tinggi berbanding 0.9% yang dicatatkan tempoh sebelumnya. Perbelanjaan pengguna meningkat pada kadar yang lebih pantas (2.3% berbanding 1.7% pada suku keempat), meskipun kadar inflasi kekal tinggi.

Keluaran Dalam Negara Kasar (KDNK) zon Euro meningkat 1% tahun-ke-tahun pada suku pertama 2023, iaitu lebih rendah berbanding jangkaan pertumbuhan sebanyak 1.3%, serta merupakan prestasi paling lemah semenjak Covid melanda pada tahun 2020.

Ekonomi China berkembang 4.5% tahun-ke-tahun pada suku pertama tahun 2023, lebih tinggi berbanding pertumbuhan 2.9% yang dicatatkan pada suku keempat dan mengatasi anggaran pasaran sebanyak 4%. Ia merupakan kadar pertumbuhan tertinggi sejak suku pertama 2022, dikala Beijing berusaha merangsang pemulihan ekonominya selepas pandemik.

(Sumber: Trading Economics)

1.3.1 Ekonomi (sambungan)

Lokal

Keluaran Dalam Negara Kasar (KDNK) Malaysia berkembang 5.6% tahun-ke-tahun pada suku pertama tahun 2023. Pertumbuhan ini hasil perkembangan perbelanjaan isi rumah, aktiviti pelaburan yang berterusan, situasi pasaran pekerjaan yang lebih baik dan aktiviti pelancongan yang lebih tinggi.

(Sumber: Bank Negara Malaysia)

1.3.2 Kajian Pasaran

Ekuiti

Indeks MSCI ACWI (Indeks) memulakan tahun kewangan dalam kajian pada paras 652.81 mata. Ia jatuh ke paras terendah iaitu 550.37 mata pada 12 Oktober 2022 sebelum meningkat ke paras tertinggi iaitu 662.34 mata pada 2 Februari 2023 dan kemudian ditutup pada paras 646.37 mata pada 31 Mei 2023. Bagi tahun kewangan dalam kajian, Indeks telah turun sebanyak 6.44 mata atau 0.99%.

Indeks Syariah EMAS FTSE Bursa Malaysia (FBM Shariah) memulakan tahun kewangan dalam kajian pada 11,509.63 mata yang juga merupakan mata tertinggi bagi tahun kewangan. Ia merosot ke paras terendah 9,767.54 mata pada 13 Oktober 2022 dan kemudian ditutup pada paras 10,606.51 mata pada 31 Mei 2023. Bagi tahun kewangan dalam kajian, FBM Shariah turun sebanyak 903.12 mata atau 7.85%.

(Sumber: Bloomberg)

Pasaran Wang

Bank Negara Malaysia (BNM) menaikkan Kadar Dasar Semalaman (OPR) sebanyak 25 mata asas kepada 3.00% ketika mesyuarat pada bulan Mei 2023, yang tidak dijangkakan pasaran. Pelarasan dasar itu dibuat di kala kekuatan aktiviti ekonomi domestik dijangkakan berterusan sementara inflasi dirasakan agak tinggi. Walau bagaimanapun, Jawatankuasa Dasar Monetari (MPC) akan terus memastikan dasar monetari kekal konsisten dengan jangkaan kadar inflasi dan pertumbuhan domestik.

1.4 Kajian Pasaran dan Strategi

Ekuiti

Skim pelaburan kolektif Islam yang dilaburkan Dana menggunakan proses pelaburan berasaskan peraturan dengan pengimbangan semula setiap bulan. Skim tersebut tidak diuruskan berdasarkan analisis makro, pandangan atau jangkaan masa hadapan.

Pasaran Wang

Untuk masa hadapan, BNM berkemungkinan menaikkan OPR sebanyak 25 mata asas lagi atas agakan pengetatan dasar monetari oleh Rizab Persekutuan Amerika Syarikat. Strategi kami buat masa ini adalah untuk melabur dalam pasaran wang Islam dengan jangka masa pendek kerana menjangkakan kadar akan menjadi lebih tinggi pada masa hadapan. Jika kenaikan OPR berlaku, kami akan memanjangkan jangka masa pelaburan untuk memaksimumkan pulangan, sambil terus menyediakan kecairan untuk para pelabur.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Independence and other ethical responsibilities

We are independent of the Fund in accordance with the By-Laws (on Professional Ethics, Conduct and Practice) of the Malaysian Institute of Accountants ("By-Laws") and the International Ethics Standards Board for Accountants' International Code of Ethics for Professional Accountants (including International Independence Standards) ("IESBA Code"), and we have fulfilled our other ethical responsibilities in accordance with the By-Laws and the IESBA Code.

Information other than the financial statements and auditors' report thereon

The Manager of the Fund is responsible for the other information. The other information comprises Manager's Report but does not include the financial statements of the Fund and our auditors' report thereon.

Our opinion on the financial statements of the Fund does not cover the other information and we do not express any form of assurance conclusion thereon.

INDEPENDENT AUDITORS' REPORT TO THE UNIT HOLDERS OF BANK ISLAM PREMIER FUND (CONTINUED)

REPORT ON THE AUDIT OF FINANCIAL STATEMENTS (CONTINUED)

Information other than the financial statements and auditors' report thereon (continued)

In connection with our audit of the financial statements of the Fund, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements of the Fund or our knowledge obtained in the audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of the Manager for the financial statements

The Manager of the Fund is responsible for the preparation of the financial statements of the Fund that give a true and fair view in accordance with Malaysian Financial Reporting Standards and International Financial Reporting Standards in Malaysia. The Manager is also responsible for such internal control as the Manager determines is necessary to enable the preparation of financial statements of the Fund that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements of the Fund, the Manager is responsible for assessing the Fund's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Manager either intends to liquidate the Fund or has no realistic alternative but to do so.

The Manager is also responsible for overseeing the Fund's financial reporting process.

Auditors' responsibilities for the audit of the financial statements

Our objectives are to obtain reasonable assurance about whether the financial statements of the Fund as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with approved standards on auditing in Malaysia and International Standards on Auditing will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

INDEPENDENT AUDITORS' REPORT TO THE UNIT HOLDERS OF BANK ISLAM PREMIER FUND (CONTINUED)

REPORT ON THE AUDIT OF FINANCIAL STATEMENTS (CONTINUED)

Auditors' responsibilities for the audit of the financial statements (continued)

As part of an audit in accordance with approved standards on auditing in Malaysia and International Standards on Auditing, we exercise professional judgement and maintain professional scepticism throughout the audit. We also:

- (a) Identify and assess the risks of material misstatement of the financial statements of the Fund, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- (b) Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Fund's internal control.
- (c) Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the Manager.
- (d) Conclude on the appropriateness of the Manager's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Fund's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditors' report to the related disclosures in the financial statements of the Fund or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditors' report. However, future events or conditions may cause the Fund to cease to continue as a going concern.
- (e) Evaluate the overall presentation, structure and content of the financial statements of the Fund, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with the Manager regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

BANK ISLAM PREMIER FUND

NOTES TO THE FINANCIAL STATEMENTS FOR THE FINANCIAL YEAR ENDED 31 MAY 2023

1 INFORMATION ON THE FUND

Bank Islam Premier Fund (hereinafter referred to as “the Fund”) was constituted pursuant to the execution of a Deed dated 15 October 2020 between the Manager - BIMB Investment Management Berhad and the Trustee – Deutsche Trustee Malaysia Berhad.

The principal activity of the Fund is to invest in authorised investments as defined in the Deed, which include investments in stocks and shares of companies quoted on Bursa Malaysia, and short term placements.

The Manager, BIMB Investment Management Berhad, a company incorporated in Malaysia, is a subsidiary of Bank Islam Malaysia Berhad.

2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The following accounting policies have been used consistently in dealing with items which are considered material in relation to the financial statements:

(a) Basis of Preparation

The financial statements of the Fund have been prepared in accordance with Malaysian Financial Reporting Standards (“MFRS”) and International Financial Reporting Standards (“IFRS”).

The financial statements have been prepared under the historical cost convention, as modified by the revaluation of financial assets at fair value through profit or loss (“FVTPL”).

The preparation of financial statements in conformity with MFRS requires the use of certain critical accounting estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of revenues and expenses during the reported year/period.

It also requires the Manager to exercise their judgment in the process of applying the Fund’s accounting policies. Although these estimates and judgment are based on the Manager’s best knowledge of current events and actions, actual results may differ.

The areas involving a higher degree of judgment or complexity, or areas where assumptions and estimates are significant to the financial statements are disclosed in Note 2(j).

(i) Standards, amendments, to published standards and interpretations to existing standard that are effective:

There are no other standards, amendments to standards or interpretations that are effective for the financial year beginning on 1 April 2022 that have a material effect on the financial statements of the Fund.

BANK ISLAM PREMIER FUND

NOTES TO THE FINANCIAL STATEMENTS FOR THE FINANCIAL YEAR ENDED 31 MAY 2023 (CONTINUED)

2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

(a) Basis of Preparation (continued)

(i) Standards and amendments that have been issued but not yet effective:

A number of new standards, amendments to standards and interpretations are effective for the financial year beginning after 1 April 2022. None of these are expected to have a material effect on the financial statements of the Fund, except the following set out below:

Amendments to MFRS 101 'Classification of liabilities as current or non-current' clarify that liabilities are classified as either current or non-current, depending on the rights that exist at the end of the reporting year. Classification is unaffected by the Fund's expectations or events after the reporting date (i.e. the receipt of a waiver or a breach of covenant).

The amendments are effective for the annual financial reporting year beginning on or after 1 April 2024.

The amendment shall be applied retrospectively.

(b) Financial Assets

(i) Recognition and Initial Measurement

A financial instrument is recognised in the statement of financial position when, and only when, the Fund becomes a party to the contractual provisions of the instrument.

A financial asset (unless it is a trade receivable without significant financing component) or a financial liability is initially measured at fair value plus or minus, for an item not at fair value through profit or loss, transaction costs that are directly attributable to its acquisition or issuance. A trade receivable without a significant financing component is initially measured at the transaction price.

Categories of financial assets are determined on initial recognition and are not reclassified subsequent to their initial recognition unless the Fund changes its business model for managing financial assets in which case all affected financial assets are reclassified on the first day of the first reporting period following the change of the business model.

The Fund categorises financial instruments as follows:

BANK ISLAM PREMIER FUND

NOTES TO THE FINANCIAL STATEMENTS FOR THE FINANCIAL YEAR ENDED 31 MAY 2023 (CONTINUED)

2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

(b) Financial Assets (continued)

(i) Recognition and Initial Measurement (continued)

(a) Amortised Cost

Amortised cost category comprises financial assets that are held within a business model whose objective is to hold assets to collect contractual cash flows and its contractual terms give rise on specified dates to cash flows that are solely payments of principal and profit on the principal amount outstanding. The financial assets are not designated as fair value through profit or loss. Subsequent to initial recognition, these financial assets are measured at amortised cost using the effective profit method. The amortised cost is reduced by impairment losses. Profit income, foreign exchange gains and losses and impairment are recognised in profit or loss.

Profit income is recognised by applying effective profit rate to the gross carrying amount except for credit impairment financial assets (see Note 2 (b)(iv)) where the effective profit rate is applied to the amortised cost.

(b) Fair Value Through Profit or Loss

All financial assets not measured at amortised cost or fair value through other comprehensive income as described above are measured at fair value through profit or loss. On initial recognition, the Fund may irrevocably designate a financial asset that otherwise meets the requirements to be measured at amortised cost or at fair value through other comprehensive income as at fair value through profit or loss if doing so eliminates or significantly reduces an accounting mismatch that would otherwise arise.

Financial assets categorised as fair value through profit or loss are subsequently measured at their fair value. Net gains or losses, including any profit or dividend income, are recognised in the profit or loss.

(ii) Financial Instrument Categories and Subsequent Measurement

All financial assets, except for those measured at fair value through profit or loss, are subject to impairment assessment (see Note 2(b)(iv)).

BANK ISLAM PREMIER FUND

NOTES TO THE FINANCIAL STATEMENTS FOR THE FINANCIAL YEAR ENDED 31 MAY 2023 (CONTINUED)

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

(b) Financial Assets (continued)

(iii) Derecognition

A financial asset or part of it is derecognised when, and only when, the contractual rights to the cash flows from the financial asset expire or the financial asset is transferred to another party without retaining control or substantially all risks and rewards of the asset. On derecognition of a financial asset, the difference between the carrying amount and the sum of the consideration received (including any new asset obtained less any new liability assumed) and any cumulative gain or loss that had been recognised in equity is recognised in profit or loss.

A financial liability or a part of it is derecognised when, and only when, the obligation specified in the contract is discharged or cancelled or expired. On derecognition of a financial liability, the difference between the carrying amount of the financial liability extinguished or transferred to another party and the consideration paid, including any non-cash assets transferred or liabilities assumed, is recognised in profit or loss.

(iv) Impairment For Assets Carried at Amortised Cost

The Fund measures credit risk and expected credit loss (“ECL”) using probability of default, exposure at default and loss given default. The Manager considers both historical analysis and forward looking information in determining any ECL. The Manager considers the probability of default to be close to zero as these instruments have a low risk of default and the counterparties have a strong capacity to meet their contractual obligations in the near term. As a result, no loss allowance has been recognised based on 12-month ECL as any such impairment would be wholly insignificant to the Fund.

Significant increase in credit risk

A significant increase in credit risk is defined by management as any contractual payment which is more than 90 days past due.

Definition of default and credit-impaired financial assets

Any contractual payment which is more than 90 days past due is considered credit impaired.

Write-off

The Fund writes off financial assets, in whole or in part, when it has exhausted all practical recovery efforts and has concluded there is no reasonable expectation of recovery. The assessment of no reasonable expectation of recovery is based on unavailability of obligor’s sources of income or assets to generate sufficient future cash flows to pay the amount. The Fund may write-off financial assets that are still subject to enforcement activity. Subsequent recoveries of amounts previously written off will result in impairment gains. There are no write-offs/recoveries during the financial year/period.

BANK ISLAM PREMIER FUND

NOTES TO THE FINANCIAL STATEMENTS FOR THE FINANCIAL YEAR ENDED 31 MAY 2023 (CONTINUED)

2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

(c) Financial Liabilities

The categories of financial liabilities at initial recognition are as follows:

Amortised cost

Other financial liabilities not categorised as fair value through profit or loss are subsequently measured at amortised cost using the effective profit method.

(d) Income Recognition

Income from short term investments is recognised as it accrues, using the effective profit method in profit or loss.

Dividend income is recognised on the ex-dividend date, when the right to receive the dividend has been established.

Realised gains and losses on disposal of Shariah-compliant investments are accounted for as the difference between the net disposal proceeds and the carrying amount of investments, determined on weighted average cost basis.

(e) Cash and Cash Equivalents

Cash and cash equivalents consist of cash at bank and short term placements with licensed Islamic financial institutions which have insignificant risk of changes in fair value with original maturities of 3 months or less, and are used by the Fund in the management of its short term commitments.

Cash and cash equivalents are categorised and measured as amortised cost.

(f) Income Tax

Income tax expense comprises current tax. Current tax is recognised in profit or loss except to the extent that it relates to items recognised directly in equity or other comprehensive income.

Current tax is the expected tax payable on the taxable income for the year/period, using tax rates enacted or substantively enacted at the statement of financial position date.

BANK ISLAM PREMIER FUND

2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

(g) Unit Holders' Capital

The Fund issues cancellable units, which are cancelled at the unit holder's option and are classified as equity. Cancellable units can be put back to the Fund at any time for cash equal to a proportionate share of the Fund's net asset value. The outstanding units is carried at the redemption amount that is payable at the financial position date if the unit holder exercises the right to put the unit back to the Fund.

Units are created and cancelled at the unitholder's option at prices based on the Fund's net asset value per unit at the time of creation or cancellation. The Fund's net asset value per unit is calculated by dividing the net asset attributable to unit holders' with the total number of outstanding units. Investment positions are valued based on the last traded market price for the purpose of determining the net asset value per unit for creations and cancellations.

The units in the Fund are puttable instruments, classified as equity, which entitle the unit holders to a pro-rata share of the net asset of the Fund. The units are subordinated and have identical features. There is no contractual obligation to deliver cash or another financial asset other than the obligation on the Fund to repurchase the units. The total expected cash flows from the units are based on the change in the net asset of the Fund.

(h) Functional and Presentation Currency

Items included in the financial statements of the Fund are measured using the currency of the primary economic environment in which the Fund operates (the "functional currency"). The financial statements are presented in Ringgit Malaysia ("RM"), which is the Fund's functional and presentation currency.

(i) Management Fee Rebate

Management fee rebate is derived from Target Fund on accrual basis to ensure no double charging of management fee. It is accrued daily based on the fair value of Target Fund.

(j) Use of Estimates and Judgements

The preparation of financial statements in conformity with MFRS requires management to make judgements, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets, liabilities, income and expenses. Actual results may differ from these estimates.

Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimate is revised and in any future years affected.

There are no significant areas of estimation uncertainty and critical judgements in applying accounting policies that have significant effect on the amounts recognised in the financial statements.

	<u>1,222,840</u>	<u>1,270</u>	<u>1,796,307</u>

All liabilities are financial liabilities which are carried at amortised cost.

The Fund aims to provide investors with liquidity and regular income, whilst maintaining capital stability by investing primarily in deposits that comply with Shariah principles.

The Fund is exposed to a variety of risks which include market risk (inclusive of price risk and profit rate risk), credit risk, liquidity risk and capital risk.

Financial risk management is carried out through internal control process adopted by the Manager and adherence to the investment restrictions as stipulated in the Deed and the Securities Commission ("SC") Guidelines on Unlisted Capital Market Products under the Lodge and Launch Framework.

3 FINANCIAL INSTRUMENTS AND FINANCIAL RISK MANAGEMENT (CONTINUED)

(a) Market Risk

(i) Price Risk

The Fund is exposed to price risk because of investments held by the Fund and classified as at fair value through profit or loss. Price risk is the risk that fair value of investment will fluctuate because of the changes in market prices (other than those arising from profit rate risk). Such fluctuation may cause the Fund's NAV and price of units to fall as well as rise, and income produced by the Fund may also fluctuate. The price risk is managed through diversification and selection of securities and other financial instruments within specified limits according to the Deed.

The table below shows the financial instruments of the Fund which is exposed to price risk.

	<u>2023</u> RM	<u>2022</u> RM
Investments in Islamic collective investment schemes	<u>1,038,065</u>	<u>1,222,840</u>

The following table summarises the sensitivity of the Fund's profit or loss and NAV to movements in prices of Islamic collective investment schemes at the end of the reporting year/period. The analysis is based on the assumptions that the market price increased and decreased by 5% with all other variables held constant and that fair value of the Fund's investments move according to the historical correlation of the index. Disclosures below are shown in absolute terms, changes and impacts could be positive or negative.

3 FINANCIAL INSTRUMENTS AND FINANCIAL RISK MANAGEMENT (CONTINUED)

(a) Market Risk (continued)

(ii) Profit Rate Risk

Profit rate risk rate is a general economic indicator that will have an impact on the management of the Fund.

It does not in any way suggest that this Fund will invest in conventional financial instruments. All investment carried out for the Fund including placements and deposits are in accordance with Shariah.

Fair value profit rate risk is the risk that the value of a financial instrument will fluctuate due to changes in market profit rates.

The Fund's exposure to fair value profit rate risk arises from Shariah-compliant investment in Islamic money market instruments. The profit rate risk is expected to be minimal as the Fund's investments comprise mainly short term Islamic deposits with approved licensed Islamic financial institutions.

Cash flow profit rate risk is the risk that the future cash flows of a financial instrument will fluctuate because of changes in market profit rates. The Fund is not exposed to cash flow profit rate risk as the Fund does not hold any financial instruments at variable profit rate.

(b) Credit Risk

Credit risk is the risk of a financial loss to the Fund if counterparty to a financial instrument fails to meet its contractual obligations. The Fund's exposure to credit risk arises principally from its cash and cash equivalents, and management fee rebate receivable.

The Manager manages the credit risk by setting counterparty limits and undertaking credit evaluation to minimise the risk. The exposure to credit risk is monitored on an ongoing basis.

The following table sets out the credit risk concentration of the Fund:

	Cash and cash equivalents	Management fee rebate receivable	Total

- Non-rated	-	1,270	1,270
	<u>572,197</u>	<u>1,270</u>	<u>573,467</u>

All the financial assets of the Fund as at end of the financial year are neither past due nor impaired.

(c) Liquidity Risk

Liquidity risk is the risk that the Fund will not be able to meet its financial obligations as they fall due. The Fund's exposure to liquidity risk arises principally from its other payables which are due within one year.

The Fund maintains sufficient level of Islamic liquid assets, after consultation with the Trustee, to meet anticipated payments and cancellation of units by unit holders. Islamic liquid assets comprise cash at bank and other instruments, which are capable of being converted into cash within 7 days.

The table below summarises the Fund's financial liabilities into relevant maturity groupings based on the remaining period as at the statement of financial position date to the contractual maturity date. The amounts in the table are the contractual undiscounted cash flows.

(d) Capital Risk Management

The Fund's capital is represented by the unit holders' capital in the statement of financial position. The Manager of the Fund monitors the adequacy of capital on an ongoing basis. There is no external capital requirement imposed on the Fund.

(e) Fair Value Estimation

Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (i.e. an exit price).

The fair value of financial assets traded in active markets (such as trading securities) are based on quoted market prices at the close of trading on the financial year end date. The Fund utilises the last traded market price for financial assets where the last traded price falls within the bid-ask spread. In circumstances where the last traded price is not within the bid-ask spread, the Manager will determine the point within the bid-ask spread that is most representative of the fair value.

An active market is a market in which transactions for the asset or liability take place with sufficient frequency and volume to provide pricing information on an ongoing basis.

The fair value of financial assets that are not traded in an active market is determined by using valuation techniques.

(i) Fair Value Hierarchy

The table below analyses financial instruments carried at fair value. The different levels have been defined as follows:

- Quoted prices (unadjusted) in active market for identical assets or liabilities (Level 1)
- Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly (that is, as prices) or indirectly (that is, derived from prices) (Level 2)
- Inputs for the asset and liability that are not based on observable market data (that is, unobservable inputs) (Level 3)

3 FINANCIAL INSTRUMENTS AND FINANCIAL RISK MANAGEMENT (CONTINUED)

(e) Fair Value Estimation (continued)

(i) Fair Value Hierarchy (continued)

The level in the fair value hierarchy within which the fair value measurement is categorised in its entirety is determined on the basis of the lowest level input that is significant to the fair value measurement in its entirety. For this purpose, the significance of an input is assessed against the fair value measurement in its entirety.

If a fair value measurement uses observable inputs that require significant adjustment based on unobservable inputs, that measurement is a Level 3 measurement.

Assessing the significance of a particular input to the fair value measurement in its entirety requires judgment, considering factors specific to the asset or liability.

The determination of what constitutes 'observable' requires significant judgment by the Fund. The Fund considers observable data to be that market data that is readily available, regularly distributed or updated, reliable and verifiable, not proprietary, and provided by independent sources that are actively involved in the relevant market.

- Investments in Islamic collective investment schemes	<u>1,222,840</u>			<u>1,222,840</u>

Investments whose values are based on quoted market prices in active markets, and are therefore classified within Level 1, include Islamic collective investment schemes. The Fund's policies on valuation of these financial assets are stated in Note 2(b).

The carrying values of cash and cash equivalents, management fee rebate receivable and all liabilities are a reasonable approximation of their fair values due to their short term nature.
