Page 12 of the Prospectus

3.4 Investment Policy and Strategy

The third paragraph in relation to “**Investment Policy and Strategy**” is hereby deleted in its entirety and replaced with the following:

The Fund’s investments in foreign markets will be subject to the limit set by BNM and any conditions imposed by the SC from time to time.

Page 13 of the Prospectus

3.4 Investment Policy and Strategy

The fourth paragraph in relation to “**Investment Policy and Strategy**” is hereby deleted in its entirety and replaced with the following:

THIS FIRST SUPPLEMENTAL PROSPECTUS DATED 30 SEPTEMBER 2023 IS TO BE READ IN CONJUNCTION WITH THE PROSPECTUS DATED 1 AUGUST 2018.

The investment strategy has the following principles:-

- Investment must be based on the Shariah Investment Guidelines as disclosed in Section 5.1 to ensure Shariah compliance of the Fund.
- ESG and UNGC analysis that uses information from sources including but not limited to S-Ray® and issuer information. S-Ray® is ESG Book proprietary assessment of non-financial risk factors such as ESG issues as well as alignment with the principles of the UNGC.
 - UNGC: Through S-Ray®, companies with poor performance on the UNGC principles regarding human rights, labour rights, environment and anti-corruption are excluded.
 - ESG: Through S-Ray®, companies with poor performance on ESG topics are excluded. The S-Ray® methodology identifies and weighs ESG metrics based on their material (positive or negative) impact on financial performance.
- The Fund's investable universe is assessed for sustainability performance by leveraging on scoring from sustainability analytics provider including but not limited to S-Ray®. Securities issued by issuers with sustainability score of lower than 25%* of the available score range is excluded. The Fund also recognizes securities issued under established sustainability guidelines including but not limited to green bond principles, social bond principle, sustainability bond guidelines, ASEAN bond standards and SC's SRI sukuk and SRI-linked sukuk framework.

Note: The 25% minimum score threshold is based on the Manager's internal policy and has been selected as the Manager is of the view that an issuer with a score of at least 25% would have a minimum commitment/disclosure and steps taken towards sustainability.

For private company where sustainability rating is not available, internal assessment on adequacy of issuer's commitment to sustainability will be taken into account before being approved and included in the investable universe. The Manager will first look at the issuer's mission statement on commitment to sustainability and whether there are specific goals to be achieved by certain deadlines. Subsequently, the Manager will assess the implementation and execution of the plans (i.e., whether enough steps are taken towards achieving the goals). The Manager will look for ESG disclosure in annual reports (if available) and/or ESG related disclosure on the issuer's website. Additionally, especially in the case of primary issuances, engagement at the beginning is an important avenue for the Manager to gauge and assess the issuer's ESG commitment, mission, targets and progress.

- Economic analysis based on analysis on Malaysia and global economic data, central bank's decisions, yield curve movements and currency.
- Credit analysis based on analysis on industry; issuer quality including balance sheet, cash flows, profitability, debt repayment ability, financial ratios, management and business; terms and conditions of issue; rating rationale; profit rate; yield and duration. The credit analysis emphasise on the issuers' ability to repay principal and profit on a timely basis and to mitigate credit risk.

THIS FIRST SUPPLEMENTAL PROSPECTUS DATED 30 SEPTEMBER 2023 IS TO BE READ IN CONJUNCTION WITH THE PROSPECTUS DATED 1 AUGUST 2018.

- Portfolio construction involves the Sukuk selection and weighting based on its expected return and risk.

The Fund will also invest in Islamic money market instruments and placement of Islamic deposits with Islamic financial institutions. The Manager will identify and select Islamic money market instruments and Islamic deposits based on the issuer's or the financial institution's sustainability score. Please see the second bullet above for information in relation to sustainability score based on ESG and UNGC analysis.

If the Fund's investments become inconsistent with its investment policy and strategies of UNGC principles and ESG factors, the Manager shall dispose the investments if the value of the investment held exceeds or is equal to the original investment cost (which may include transaction cost). Please refer to Section 3.11 of this Prospectus for further details of the investment limit of the Fund and its treatment on breach of investment limit.

The total exposure to a single counterparty is calculated by summing the exposure arising from all OTC Islamic derivative transactions entered into with the same counterparty.

The limits and restrictions on the investments of the Fund do not apply to Sukuk or Shariah-compliant instruments issued or guaranteed by the Malaysian government or BNM.

The investment restrictions and limits mentioned herein must be complied with at all times based on the most up-to-date value of the Fund's investments. However, any breach as a result of any appreciation or depreciation in the value of the Fund's investments or repurchase of Units or payment made out of the Fund, change in capital of a corporation in which the Fund has invested in or downgrade in or cessation of a credit rating, need not be reported to the SC and must be rectified as soon as practicable within three (3) months from the date of the breach. However, any income received and excess capital gain derived from the disposal after the reclassification effective date at a price that is higher than the price on the reclassification effective date shall be channelled to *baitulmal* and/or charitable bodies as advised by the Shariah Adviser. Dear Sirs/Madams,

Re: Taxation of the Fund and Unit Holders

This letter has been prepared for inclusion in this First Supplemental Prospectus of BIMB ESG Sukuk Fund in connection with the offer of units in the BIMB ESG Sukuk Fund ("the Fund").

Taxation of the Fund

Income Tax

The Fund is a unit trust for Malaysian tax purposes. The taxation of the Fund is therefore governed principally by Sections 61 and 63B of the Income Tax Act, 1967 ("the Act").

Subject to certain exemptions, the income of the Fund in respect of investment income derived from or accruing in Malaysia is liable to income tax at the rate of 24% effective Year of Assessment ("YA") 2016.

The Fund may receive dividends, interest and other income from investments outside Malaysia. Income derived from sources outside Malaysia and received in Malaysia was previously exempt from Malaysian income tax. However, such income may be subject to tax in the country from which it is derived.

Based on the Finance Act 2021, income derived by a resident unit trust from foreign sources and received in Malaysia from 1 January 2022 onwards will be subject to Malaysian income tax. A transitional tax rate of 3% is accorded on the gross amount of the foreign income received in Malaysia from 1 January 2022 to 30 June 2022. From 1 July 2022, the prevailing tax rate of 24% will apply to the chargeable income computed in respect of the foreign source income remitted into Malaysia by the Fund.

Where the same foreign income has been taxed in both Malaysia and the foreign country, a tax credit in the form of bilateral relief under a Double Tax Agreement ("DTA") or unilateral relief under the domestic law (if there is no available DTA or a limited DTA which does not provide such relief) may be given in respect of such income, subject to conditions.

Gains from the realisation of investments by the Fund will not be subject to income tax in Malaysia. However, such gains may be subject to tax in the country from which it is derived.

KPMG Tax Services Sdn. Bhd., a company incorporated under Malaysian law and a member firm of the KPMG global organization of independent member firms affiliated with KPMG International Limited, a private English company limited by guarantee.

THIS FIRST SUPPLEMENTAL PROSPECTUS DATED 30 SEPTEMBER 2023 IS TO BE READ IN CONJUNCTION WITH THE PROSPECTUS DATED 1 AUGUST 2018.

Interest income earned by the Fund from the following are exempt from tax:-

- any savings certificates issued by the Government; or
- securities or bonds issued or guaranteed by the Government; or
- debentures or sukuk, other than convertible loan stock, approved or authorized by, or lodged with, the Securities Commission; or
- Bon Simpanan Malaysia issued by the Central Bank of Malaysia; or
- a bank or financial institution licensed under the Financial Services Act 2013 or Islamic Financial Services Act 2013^{N1}; or
- any development financial institution regulated under the Development Financial Institutions Act 2002^{N1}; or
- sukuk originating from Malaysia, other than convertible loan stocks, issued in any currency other than Ringgit and approved or authorized by, or lodged with, the Securities Commission, or approved by the Labuan Financial Services Authority^{N2}.

Discounts earned by the Fund from the following are also exempt from tax: -

- securities or bonds issued or guaranteed by the Government; or
- debentures or sukuk, other than convertible loan stock, approved or authorized by, or lodged with, the Securities Commission; or
- Bon Simpanan Malaysia issued by the Central Bank of Malaysia.

Tax deductions in respect of the Fund's expenses such as manager's remuneration, expenses on maintenance of register of unit holders, share registration expenses, secretarial, audit and accounting fees, telephone charges, printing and stationery costs and postage ("permitted expenses") are allowed based on a prescribed formula subject to a minimum of 10% and a maximum of 25% of the total permitted expenses.

Single tier Malaysian dividends received by the Fund are exempt from tax and expenses in relation to such dividend income are disregarded.

Real Property Gains Tax ("RPGT")

Gains on disposal of investments by the Fund will not be subject to income tax in Malaysia. However, such gains may be subject to RPGT in Malaysia, if the gains are derived from sale of Malaysian real properties and shares in Malaysian real property companies (as defined). Such gains would be subject to RPGT at the applicable rate depending on the holding period of the chargeable assets.

Sales Tax and Service Tax

The Goods and Services Tax ("GST") has been replaced by Sales Tax and Service Tax effective from 1 September 2018.

Under the Sales Tax Act 2018, Service Tax Act 2018 and subsidiary legislation, the sales tax rate for taxable goods is 5% or 10% while the service tax rate for taxable services is generally 6%. There are certain goods which are exempted from sales tax.

^{N1} Effective from 1 January 2019, the exemption shall not apply to the interest paid or credited to a unit trust that is a wholesale fund which is a money market fund.

^{N2} Effective from YA 2017, income tax exemption shall not apply to interest paid or credited to a company in the same group, licensed banks and prescribed development financial institutions. Based on the Finance Act 2021, income tax exemption shall also not apply to interest paid or credited by a special purpose vehicle to a company pursuant to the issuance of asset-backed securities lodged with the Securities Commission or approved by the Labuan Financial Services Authority from 1 January 2022 where the company and the person who established the special purpose vehicle solely for the issuance of the asset-backed securities are in the same group.

The issue, holding or redemption of any unit under a trust fund does not fall within the list of taxable services under the First Schedule of the Service Tax Regulations 2018 and hence, is not subject to service tax. The investment activities of the Fund such as buying and selling of securities and deposits in financial institutions are also not subject to service tax. As such, if the Fund is only deriving income from such activities, the Fund is not liable to be registered for service tax.

However, certain expenses incurred by the Fund such as legal fees, consultancy fees and management fees may be subject to service tax at 6%. For management fees, this specifically excludes fees charged by any person who is licensed or registered with the Securities Commission for carrying out the regulated activity of fund management under the Capital Markets and Services Act 2007. The service tax incurred by the Fund is a cost to the Fund and is not recoverable, unlike the GST input tax which was claimable under the GST regime.

Based on the Finance Act 2018, the imposition and scope of service tax has been widened to include any imported taxable service. This is effective from 1 January 2019.

Taxation of Unit Holders

Income Tax

Unit holders are taxed on an amount equivalent to their share of the total taxable income of the Fund, to the extent that this is distributed to them. The income distribution from the Fund may carry with it applicable tax credits proportionate to each unit holder's share of the total taxable income in respect of the tax paid by the Fund. Unit holders will be entitled to utilise the tax credit as a set off against the tax payable by them. Any excess over their tax liability will be refunded to the unit holders.

Corporate unit holders, resident or non-resident in Malaysia, would be taxed at the corporate tax rate of 24% (effective from YA 2016), on distributions of income from the Fund to the extent of an amount equivalent to their share of the total taxable income of the Fund. Corporate unit holders in Malaysia with paid-up capital in the form of ordinary shares of RM2.5 million and below will be subject to a tax rate of 17% on chargeable income of up to RM600,000, effective from YA 2020. This concessionary income tax rate is given only to corporate unit holders having gross business income for the relevant year of assessment of not more than RM50 million, in addition to the share capital requirement. For chargeable income in excess of RM600,000, the tax rate of 24% is still applicable.

However, the said tax rate of 17% on chargeable income of up to RM600,000 would not apply if more than 50% of the paid up capital in respect of ordinary shares of that corporate unit holder is directly or indirectly owned by a related company which has a paid up capital exceeding RM2.5 million in respect of ordinary shares, or vice versa, or more than 50% of the paid up capital in respect of ordinary shares of both companies are directly or indirectly owned by another company.

Based on the Finance Bill 2023, the tax rate for chargeable income of up to RM150,000 has been reduced from 17% to 15%. While the tax rate for chargeable income from RM150,001 up to RM600,000 is remain unchanged at 17%. For chargeable income in excess of RM600,000, the tax rate is 24%. This is effective from YA 2023.

In addition to the current conditions as mentioned above, the preferential tax rate would not apply if more than 20% of the paid-up capital in respect of ordinary shares of the company at the beginning of the basis period for a YA is directly or indirectly owned by a company or companies incorporated outside Malaysia or an individual or individuals who are not Malaysian citizens. This is effective from YA 2024.

Based on the Finance Act 2021, a corporate tax rate of 33% ("Cukai Makmur") will be levied on corporate unit holders with chargeable income exceeding RM100 million. Corporate unit holders with chargeable income below RM100 million will still be taxed at tax rate of 24%. However, the chargeable income in respect of foreign source income received in Malaysia from 1 July 2022 is exempted from the application of Cukai Makmur, computed based on a prescribed formula. The Cukai Makmur is effective for YA 2022 only.

The tax rate of 33% on chargeable income exceeding RM100 million would not apply to corporate unit holders in Malaysia that qualify for the preferential tax rate of 17% on chargeable income of up to RM600,000.

Individuals and other non-corporate unit holders who are resident in Malaysia will be subject to income tax at scale rates. The scale tax rates range from 0% to 30% with effect from YA 2020.

Individuals and other non-corporate unit holders who are not resident in Malaysia, for tax purposes, are subject to Malaysian income tax at the rate of 30% with effect from YA 2020. Non-resident unit holders may also be subject to tax in their respective jurisdictions and depending on the provisions of the relevant tax legislation and any double tax treaties with Malaysia, the Malaysian tax suffered may be creditable in the foreign tax jurisdiction.

The distribution of single-tier Malaysian dividends and tax exempt income by the Fund will not be subject to tax in the hands of the unit holders in Malaysia. Units split by the Fund will also be exempt from tax in Malaysia in the hands of the unit holders.

However, based on the Finance Act 2021, the income distributed to a unit holder other than an individual, out of the interest income exempt from tax of a unit trust that is a retail money market fund which is paid or credited by a bank or financial institution licensed under the Financial Services Act 2013 or Islamic Financial Services Act 2013, or any development financial institution regulated under the Development Financial Institutions Act 2002, will be subjected to tax. This is effective from 1 January 2022. Further, a new withholding tax mechanism is applicable on the above distribution. The income distributed to the unit holder other than an individual will be subject to withholding tax at the rate of 24% and the tax deducted can be utilised to set off against the tax payable by a tax resident unit holder. Withholding tax deducted on the income distributed to a non-individual unit holder who is not a tax resident in Malaysia will be regarded as a final tax. This is effective from 1 January 2022.

Any gains realised by the unit holders (other than financial institutions, insurance companies and those dealing in securities) from the transfer or redemption of the units are generally treated as capital gains which are not subject to income tax in Malaysia. However, certain unit holders may be subject to income tax in Malaysia on such gains, due to specific circumstances of the unit holders.

Service Tax

Only taxable services listed in the First Schedule of the Service Tax Regulations 2018 are subject to service tax, which exclude investment income or gains.

However, certain expenses such as legal fees, consultancy fees and management fees may be subject to service tax at 6%. For management fees, this specifically excludes fees charged by any person who is licensed or registered with the Securities Commission for carrying out the regulated activity of fund management under the Capital Markets and Services Act 2007.

Based on the Finance Act 2018, the imposition and scope of service tax has been widened to include any imported taxable service. This is effective from 1 January 2019.

The tax position is based on our understanding and interpretation of the Malaysian tax legislations and proposals as they stand at present. All prospective investors should not treat the contents of this letter as advice relating to taxation matters and are advised to consult their own professional advisers concerning their respective investments.

Yours faithfully
